EDUCATION

Computer Science and Engineering with a specialization in Artificial Intelligence and Machine Learning	2022-2026
Vellore Institute of Technology (currently pursuing 3rd year)	8.67 CGPA
Intermediate	2019-2021
Sri Gayatri Junior Collage	980 MARKS
10th class	2018-2019
Vaniniketan High School	9.5 GPA

PROJECTS

Detecting Tomato Plant Disease through Leaf Image Analysis   Accuracy : 98.24%

CNN model for training the model and got an accuracy of nearly 98%.

Health care monitoring system based on Arduino Uno   Using Arduino Uno, C++

Developed an Arduino Uno-based accident prevention and intimation system designed to enhance road safety. Implemented real-time detection and alert mechanisms for potential hazards, aiming to reduce accident occurrences by 20%.

CERTIFICATIONS

Artificial Intelligence using Google TensorFlow certification from Smart Internz

Machine Learning and AI with Python certification from EDX

Programming Essentials 1 in Python certification from CISCO

AI Fundamentals certification from IBM

Web Development certification from EDX

SKILLS

Python

Data Structures

Java

Excel

HTML5
